V HOUSE house

There is a relationship between the Earth, our mother, and human beings, her children, made of the same substance. It is essential that we cultivate this relationship if we want to live a balanced life.

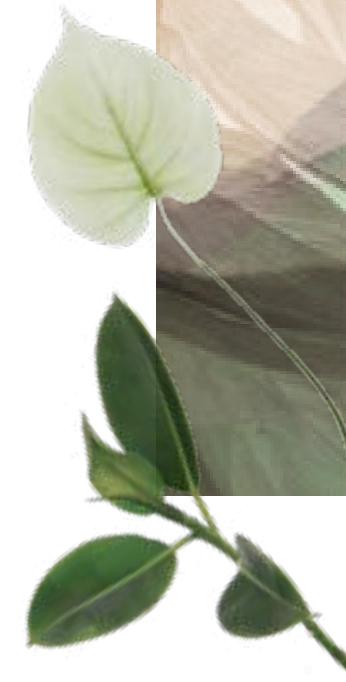

Using natural and sustainable materials; making products that are timeless and long-lasting because they are wear resistant and evergreen; privileging local handmade products.

This is how cbdesign respects Mother Earth and how the company expresses its devotion for the island it lives on, Bali, from which it receives materials, traditions and inspirations.

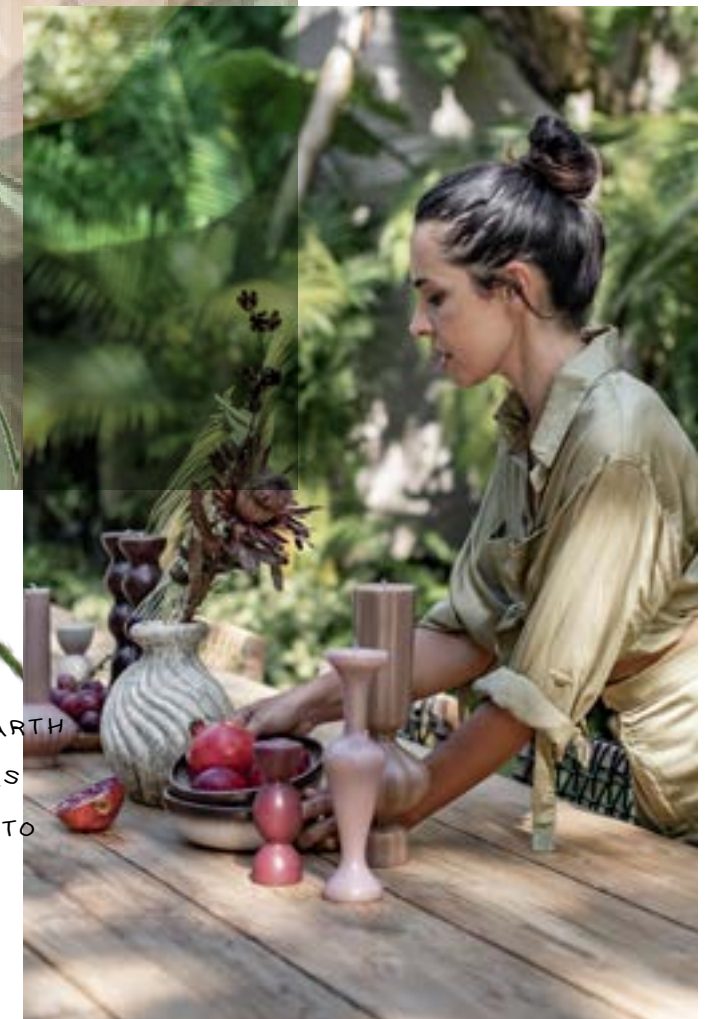

Natural inspiration

“wood and nature.”

JUST LIKE A MOTHER, THE EARTH
ACCOMMODATES, NOURISHES
AND HEALS US. WE NEED TO
RECONNECT WITH HER.

“the Kemilau house.”

EXPE- RIENCING MOTHER EARTH

Contemplating nature

Furniture inspired by nature to live in contact with Mother Earth.

**Grounding yourself
for newfound harmony**

*We can't break our bond
with the Earth. We can
rediscover it and bring it
back to life.*

Natural materials borrowed from nature. Neutral colours and warm tones as inviting as Mother Earth.

At Villa Kemilau furniture becomes one with the outdoor environment, for an all-encompassing experience.

MY MUST
FOR ENTERTA

Regenerate yourself in the garden

Axis collection_ lounge chair_ sofa / Root_ coffee table

VILLA KEMILAU IS A QUAIN,
ROMANTIC AND BUCOLIC
PLACE SURROUNDED BY
NATURE. THE OUTSIDE
OF THE BUILDING BOASTS
ITALIAN-STYLE ARCHITECTURE
WHILE THE GARDEN MAKES
YOU FEEL AS IF YOU ARE IN
THE OPEN COUNTRYSIDE,
IN TOTAL PEACE AND QUIET.
A NEARBY STRETCH OF RICE
FIELDS REPRESENTS THE
TYPICAL LANDSCAPE OF
THE BALI HINDERLAND.
THIS ISLAND HAS MUCH
MORE TO OFFER THAN JUST
BEACHES AND THE SEA.
THE MAINLAND IS FULL OF
HIDDEN, GREEN LANDSCAPES
IN WHICH NATURE EXPRESSES
ALL ITS CREATIVE POWER.

Just like the open countryside

Teak wood can be
natural or recycled.

It's the ideal material
for garden furniture.

Natural imperfections

your combination

Axis is a modular sofa that can be put together as you please.

REAL BEAUTY LIES IN ITS IMPERFECTIONS: NATURE PLAYS WITH ITS CREATURES, MAKING THEM UNIQUE. HIDING ONE'S IMPERFECTIONS IS USELESS BECAUSE IT IS THESE THAT MAKE HUMAN BEINGS EXACTLY WHAT THEY ARE: UNREPEATABLE. WITH ITS BASE MADE OF NATURAL TEAK ROOT, THE ROOT TABLE ACCURATELY PORTRAYS THIS TRUTH.

"In Bali, nature is everywhere: without a shadow of a doubt flowers, rice fields and tropical plants reign here."

*"On the Indonesian islands,
teak is regarded as a precious resource:
it is respected and protected here.*

Moon features rounded lines reminiscent of lunar geometries. It boasts an aluminium frame paired with a hand-woven, synthetic fibre seat.

Some lunar geometries

Aluminium is epoxy powder coated in 12 different shades. This finish also has a functional value because it protects it from the effects of the weather.

The island of Java offers the perfect conditions to cultivate teak: it's a tropical place with lots of rain and fertile soil that drains well.

A very special type of wood

We only choose teak that is at least 40 years old and comes from controlled, eco-sustainable plantations.

EXPLO- RING LUXURY

a fascinating backdrop

A villa surrounded by tropical gardens full of vegetation.

Unique and unrepeatable furniture

Canggu is full of life: the ocean, waves, yoga, good food, partying and an atmosphere of total freedom.

At V house, architecture makes way for uninterrupted, panoramic views of coconut palms, screw-pines and rice fields.

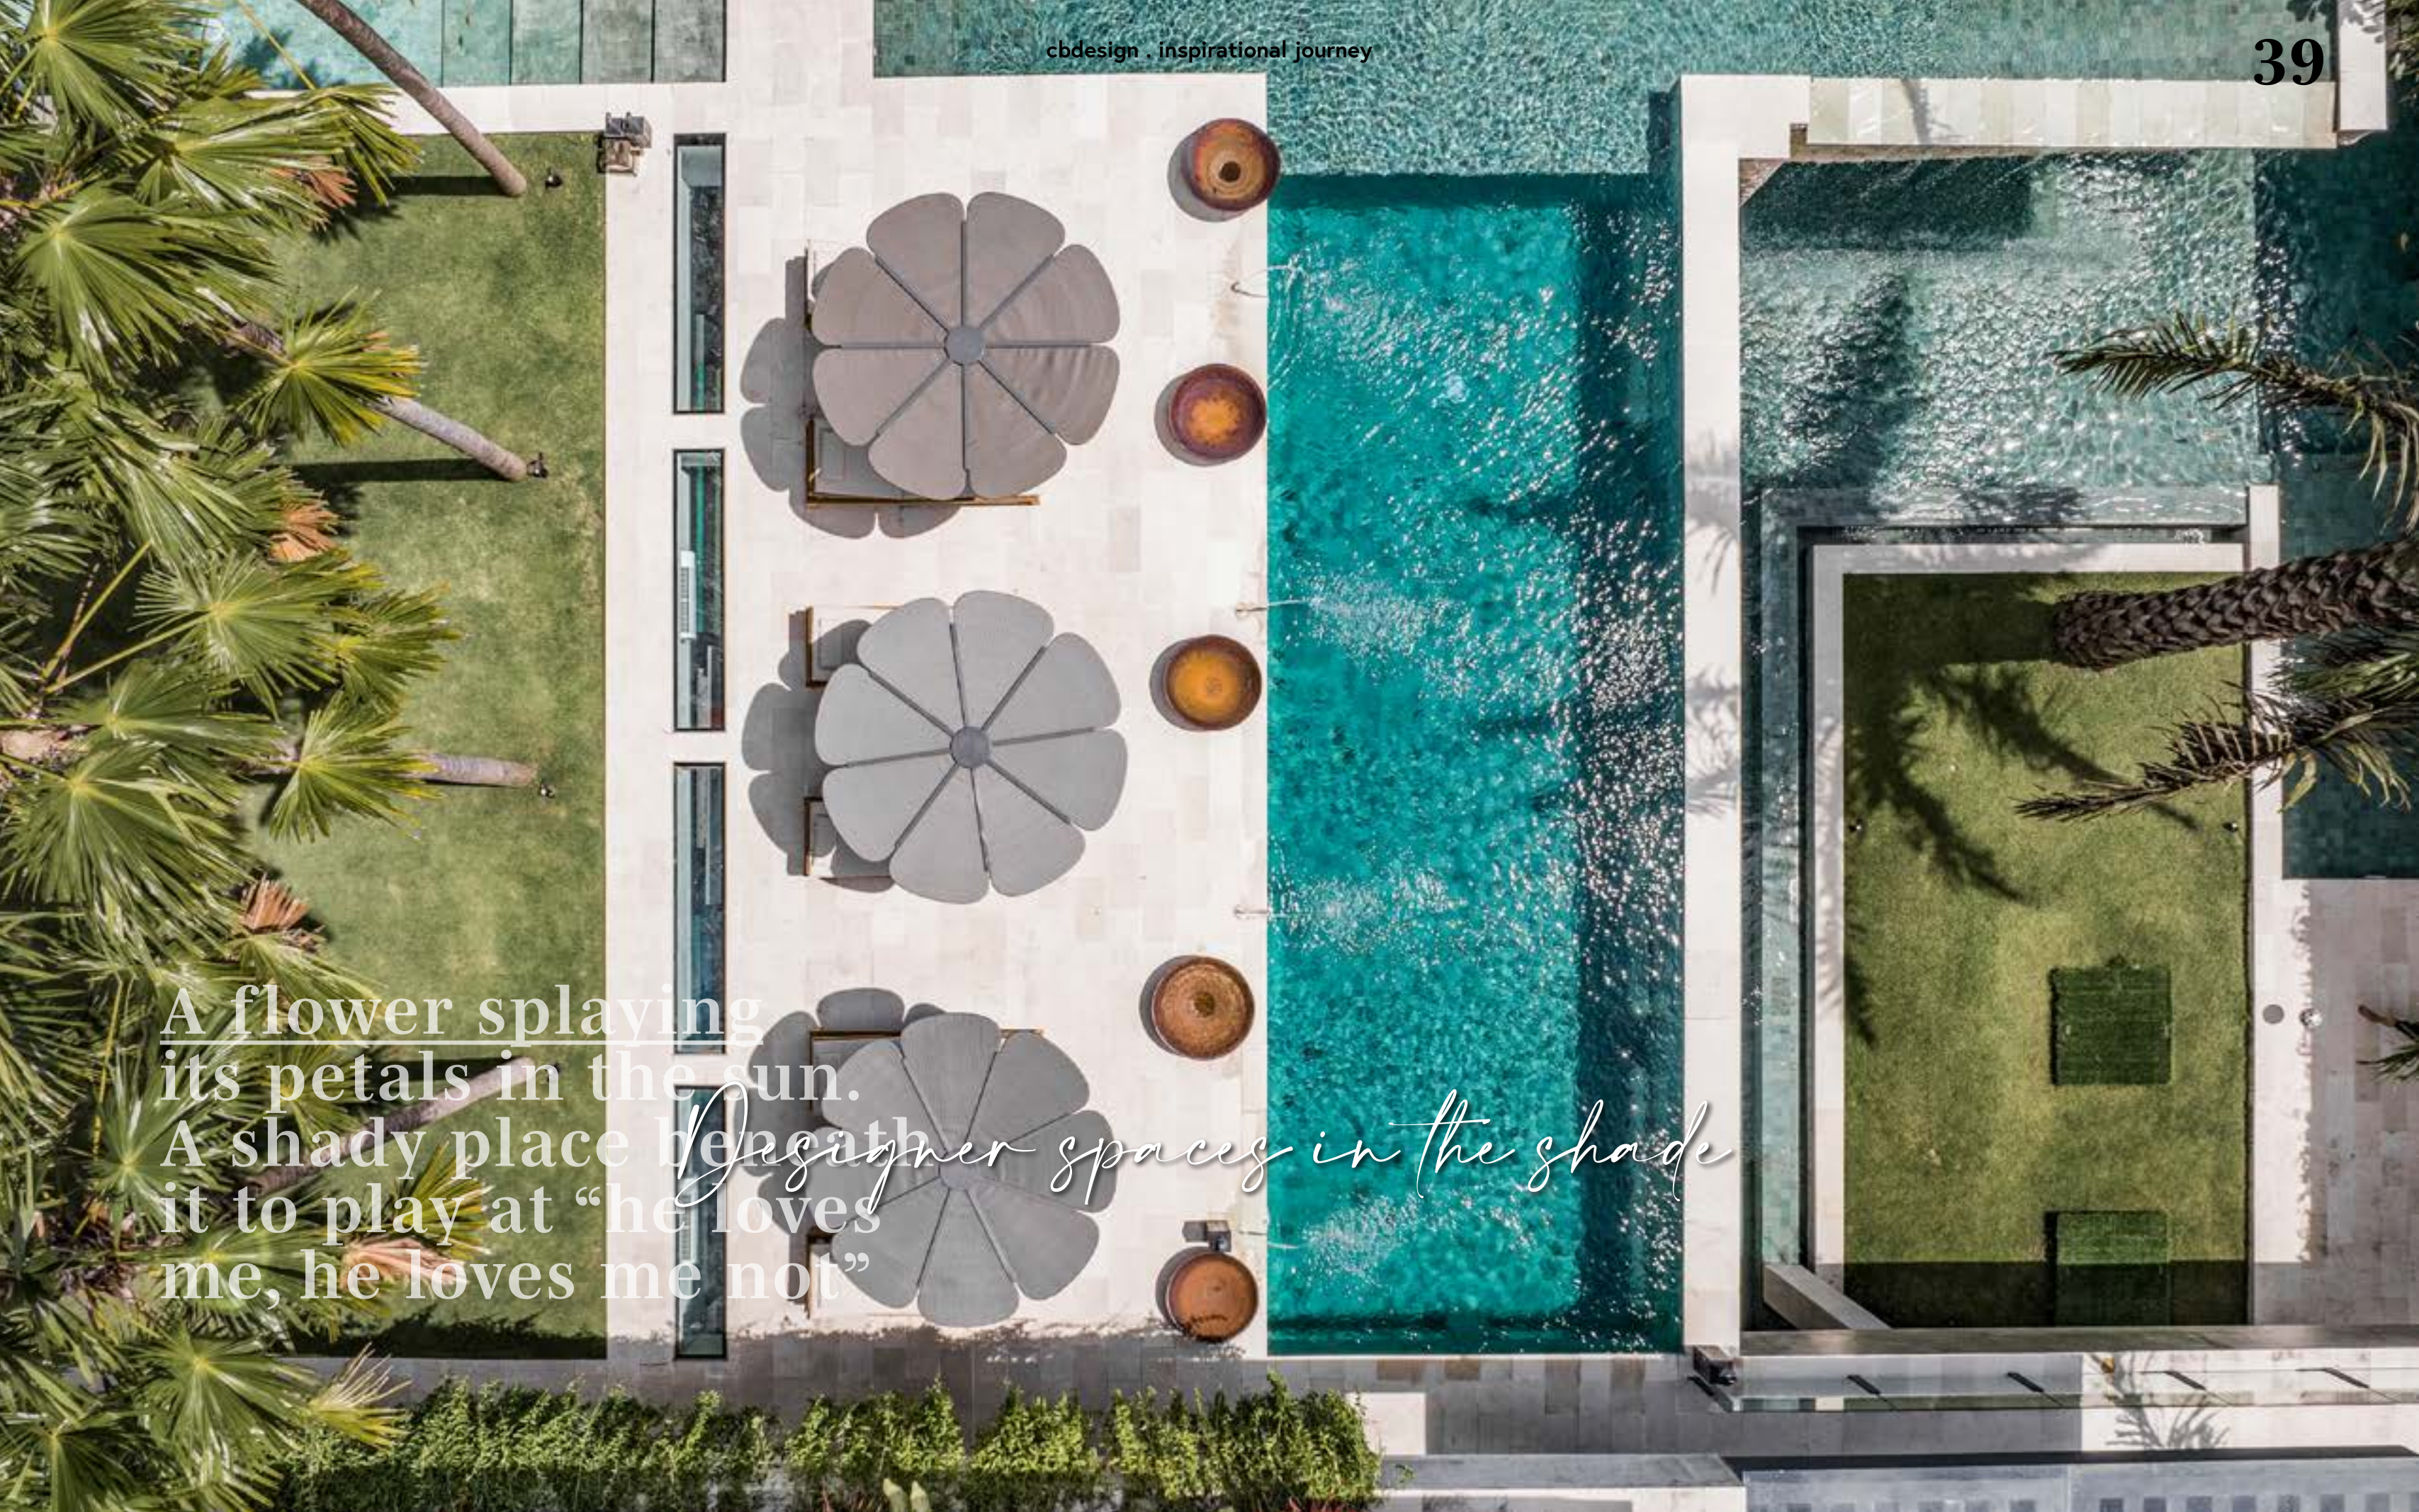

The Villa is a masterpiece of luxury situated in Canggu, one of the most fashionable locations in Bali, with dark sandy beaches and unmissable sunsets.

*Nature's sounds are

An outdoor sofa that creates a place of unsurpassable comfort: oversized cushions with a non-deformable core are made to withstand anything.

AXIS IS THE MODULAR SOFA DESIGNED FOR OUTDOOR RELAXATION

There are five pools and thirteen bedrooms at VHouse. Its modern architecture comprises two, separate villas that are connected together.

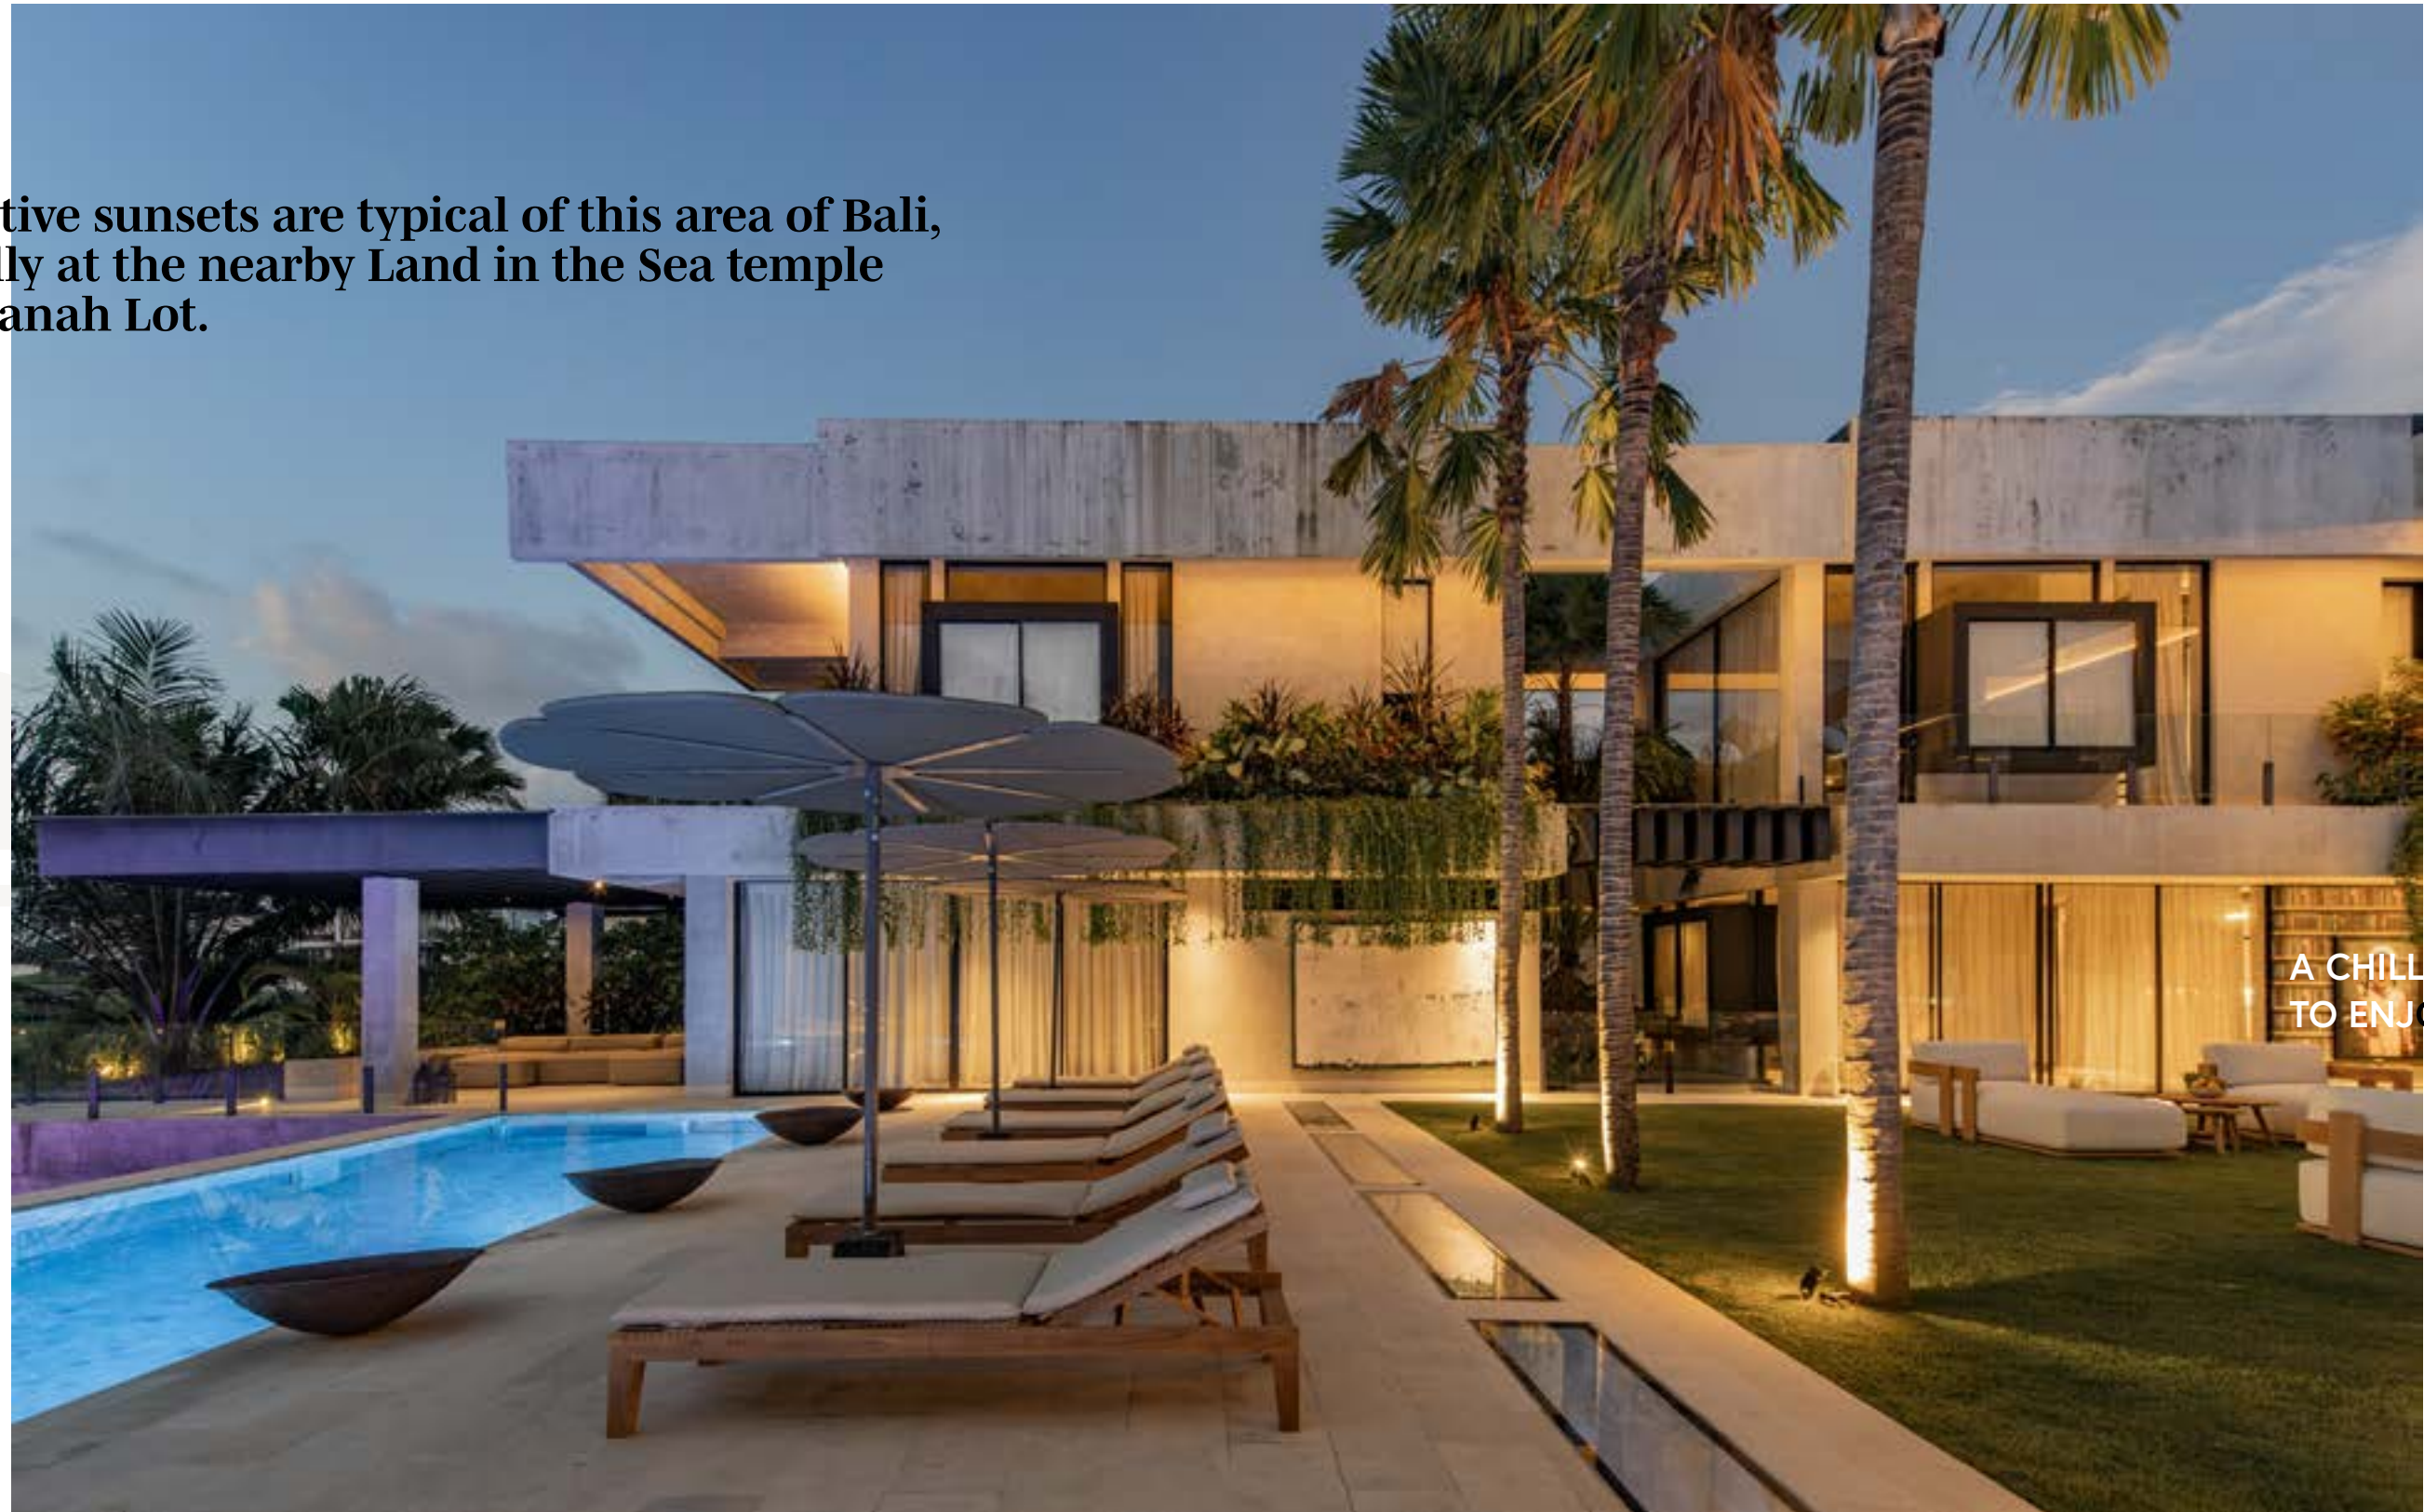

Tropical vegetation isn't just all around the villa. It's part of its structure and decorates the outside walls as well.

— Evocative sunsets are typical of this area of Bali, especially at the nearby Land in the Sea temple called Tanah Lot.

A CHILL-OUT PLACE
TO ENJOY ANY TIME

Orizont_ sun lounger / Daisy_ umbrella / Axis collection

THE ENTIRE ISLAND OF BALI IS COVERED WITH NUMEROUS TEMPLES DEDICATED TO THE HINDU GODS, SUCH AS THE GODDESS OF WATER AND THE GODDESS OF THE MOUNTAIN. THIS IS BECAUSE THE GODS GOVERN NATURE. THEY BELONG TO IT.

Staying in contact with Mother Earth elevates and purifies the spirit

Places ideal for meditation

Reconnecting with nature is a spiritual matter

I've visited many temples and have come to understand the intimate connection between the earth and the spirit.

VARIOUS SIZES CAN BE

DIFFERENT COMBINATIONS

The chaise longue is just one piece of the modular Axis collection.

You can create a large and comfortable daybed by placing two of them side by side.

Sip a drink and read a magazine while admiring the luxuriant palm trees.

Our chaise longue is a very comfortable alternative to the deck chair.

The Ubud coffee tables are a perfect way to complete this arrangement with style.

THE MODULARITY OF THE AXIS COLLECTION IS IDEAL TO FURNISH LARGE OUTDOOR SPACES. CHAIRS, CHAISE LONGUES, 2 OR 3-SEATER MODULAR SOFAS: WE HAVE EVERYTHING YOU NEED TO CREATE YOUR COMFORTABLE AND CUSTOM CHILL-OUT PLACE. YOUR IMAGINATION IS THE ONLY LIMIT.

Axis' frame is in teak with classic, honey-coloured tones.

The cushions are covered with outdoor fabrics available in various colours.
